

AlteCap™ Switch: Handheld Screw Cap Decapper for RHINOstic® Automated Swab

Features:

- Semi-automatic, handheld device for decapping and capping 96 devices from SBS rack format sample tubes.
- Compatible with RHINOstic® Automated Swabs and Collection Devices and other screw cap tubes in SBS rack format.
- Can be used with racks of tubes in the portrait or landscape position.
- Easy to use, intuitive touch button controls.
- Light and portable.
- Internal cap driver control ensures each device is perfectly capped.
- Recap tubes with devices or caps. Apply fresh caps from a cap carrier.
- Multi-use stand is convenient for storage, USB charging, and holding caps for recapping.
- Cap driver cassettes are available for different types and brands of screw cap tubes in 24, 48, and 96 SBS rack formats.
